V. SMILE Baby™
INFANT DEVELOPMENT SYSTEM

Learn & Discover Home

User's Manual

Dear Parent,

At **VTech**[®], we know that there is nothing more special than watching your baby discover something new for the first time. These moments become even more rewarding when you see your baby share and smile in the excitement of these important discoveries. That is why **VTech**[®] created the **V.Smile Baby**[™] **Infant Development System**, a unique grow-with-me development system designed especially for the youngest learners aged 9 to 36 months. The learning grows as your baby grows!

The **V.Smile Baby**[™] **Infant Development System** combines a baby-friendly wireless activity panel, age-appropriate curriculum, entertaining images, and fun early learning activities into a unique experience for babies and parents to share together. The **V.Smile Baby**[™] **Infant Development System** engages even the littlest learner with three grow-with-me play modes: Play Time, Watch & Learn, and Learn & Explore. Babies go from playing with the activity panel, to watching educational videos complete with baby sign language, to directing their own play on the TV screen by choosing subjects they want to learn.

As part of the **V.Smile Baby**[™] **Infant Development System**, **VTech**[®] offers a library of Baby Smartridges based on popular children's environments that engage and invite your baby to play and discover. Each Baby Smartridge features a variety of learning activities, baby sign language, 'grow-with-me' play, and lovable characters to guide your baby on a learning journey.

"**V.Smile Baby**[™] extends the classic activity center into an interactive, enriching educational experience for infants and toddlers especially when played with a loving adult," says Dr. Lise Eliot, neuroscientist and author of *What's Going on in There? How the Brain and Mind Develop in the First Five Years of Life*.

"The traditional activity center, which includes different shapes, colors and sounds, will captivate your baby, while the interchangeable Baby Smartridges will reduce boredom and introduce your child to a variety of important early-learning concepts and vocabulary."

At **VTech**[®], we are proud to provide parents with a sensory-rich learning tool for their little ones. Tapping into a baby's natural curiosity, creativity and passion for learning, **VTech**[®] makes every encounter an opportunity for discovery. We thank you for trusting **VTech**[®] with the important job of helping your child grow.

Sincerely,

Your Friends at **VTech**[®]

Introduction

A gang of lovable little animals will drive home lessons in shapes, colors, numbers, animals, and music while engaging your little one in exciting play. The Learn & Discover Home Baby Smartridge™ also introduces your baby to first words with baby sign language!

Getting Started

Step 1: To Begin Play

To begin play, slide the ON/OFF Switch on the activity panel to the ON (🌟) position. Next, slide the TV Play/Play Alone Switch on the activity panel to the TV Play (📺) mode.

Step 2: Choose Your Play Mode

Slide the Mode Selector Switch on the activity panel to the Play Time Mode, the Watch & Learn Mode or the Learn & Explore Mode. When you have selected a play mode, press any button to continue.

Step 3: Selecting An Activity

Press a shape button to choose one of the five activities. In the Watch & Learn Mode, the Baby Sign Language activity will be added. Press the large purple button to select the Baby Sign Language activity.

FEATURES

3 Modes of Play

Play Time

Play Time Mode (Suggested ages 9 months and up)

The Play Time Mode is designed specifically with curious babies in mind. This mode of play allows babies to explore each of the activities with the press of a button. Babies will be rewarded with fun animations, sounds and basic learning curriculum.

Watch & Learn

Watch & Learn Mode (Suggested ages 18 months and up)

The Watch & Learn Mode functions as a learning video. With over thirty minutes of stimulating images and playful animations, toddlers will be introduced to a variety of learning curriculum including baby sign language, colors, shapes, numbers, vocabulary and much more.

Learn & Explore

Learn & Explore Mode (Suggested ages 24 months and up)

The Learn & Explore Mode is geared for the toddler who has the knowledge from the previous two modes and is ready to direct his/her own learning. Simple directions and questions allow toddlers to apply the new information they have acquired.

EXIT Button

When you press the EXIT button within an activity, it will return you to the activity selection screen. When you press the EXIT button within the activity selection screen, it will return you to the mode selection screen.

ACTIVITIES

Educational Curriculum

Activity	Curriculum
Bunny's Color Bubble Bath	Colors, Objects
Puppy's Stacking Number Blocks	Numbers, Counting
Squirrel's Shape Adventure	Shapes, Shape Characteristics, Objects
Birdie's Animal Buddies	Animals, Animal Sounds, Animal Characteristics
Kitty's Perfect Band	Musical Instruments, Musical Styles, Music, Sing-Along Songs
Baby Sign Language	First Words

Bunny's Color Bubble Bath

Bunny is ready to take a bubble bath. Look at the rainbow of color bubbles!

Game Play

Play Time

Play Time Mode: Press the color buttons to explore colors.

Watch & Learn

Watch & Learn Mode: Watch bunny introduce each of the colors as he presents several objects in each color.

Learn & Explore

Learn & Explore Mode: Direct your own learning by choosing your favorite color.

At the end of each activity, you will be rewarded with a fun song!

Puppy's Stacking Number Blocks

Puppy loves to count. Join puppy as he counts blocks and other fun things in his home.

Game Play

Play Time

Play Time Mode: Press the color buttons to learn numbers one to five.

Watch & Learn

Watch & Learn Mode: Puppy will teach about numbers, numerals and counting.

Learn & Explore

Learn & Explore Mode: Help puppy count his blocks by pressing the correct number of buttons when asked.

At the end of each activity, you will be rewarded with a fun song!

Squirrel's Shape Adventure

Squirrel is going on an adventure looking for shapes. Can you help him?

Game Play

Play Time

Play Time Mode: Press the color buttons to fill the sky with different shaped balloons.

Watch & Learn

Watch & Learn Mode: Squirrel will introduce five different shapes and their characteristics with related objects.

Learn & Explore Mode: Help squirrel look for shapes by answering simple questions.

At the end of each activity, you will be rewarded with a fun song!

Birdie's Animal Buddies

Peek-a-boo, I see you! Come and play with Birdie and all of his friends.

Game Play

Play Time Mode: Press the color buttons to see Birdie's friends play peek-a-boo from behind related objects.

Watch & Learn Mode: Birdie will introduce all of his friends and fun facts about each one.

Watch & Learn

Learn & Explore Mode: Time to play hide and seek with all of the animals. Where could the animals be hiding?

At the end of each activity, you will be rewarded with a fun song!

Kitty's Perfect Band

It's the perfect time to learn about music! Kitty loves music and has a variety of musical instruments and styles she wants to introduce.

Game Play

Play Time

Play Time Mode: Press the color buttons to be introduced to an assortment of musical instruments and their sounds.

Watch & Learn

Watch & Learn Mode: Kitty will introduce a variety of musical styles and a wide range of musical instruments and how they are played.

Learn & Explore

Learn & Explore Mode: Kitty and her band will sing six different songs. Don't be shy, sing along with the animals!

At the end of each activity, you will be rewarded with a fun song!

Baby Sign Language - First Words

Game Play

Watch & Learn

This activity only appears in the Watch & Learn Mode. Teach baby to start talking with their hands. Research has proven that babies who sign speak earlier, experience less frustration, and benefit intellectually. Watch as the babies introduce first word signs including drink, milk, ball, hat and book.

CARE & MAINTENANCE

1. Keep your **V.Smile Baby™** clean by wiping it with a slightly damp cloth. Never use solvents or abrasives.
2. Keep the unit out of direct sunlight and away from direct sources of heat.
3. Remove the batteries when not using it for an extended period of time.
4. Avoid dropping it. **NEVER** try to dismantle it.
5. Always keep the **V.Smile Baby™** away from water.

WARNING

A very small percentage of the public, due to an existing condition, may experience epileptic seizures or momentary loss of consciousness when viewing certain types of flashing colors or patterns, especially on television. While the **V.Smile Baby™ Infant Development System** does not contribute to any additional risks, we do recommend that parents supervise their children while they play games in front of a television. If your child experiences dizziness, altered vision, disorientation, or convulsions, discontinue use immediately and consult your physician.

Please note that focusing on a television screen at close range for a prolonged period of time may cause fatigue or discomfort. We recommend that children take a 15-minute break for every hour of play.

TROUBLESHOOTING

Please note that if you try to insert or remove a **Baby Smartridge™** without first turning the unit OFF, you may experience a malfunction. If this happens, and the console does not respond to pressing the ON/OFF button, remove the batteries from the console unit. Then, reinstall the batteries.

TECHNICAL SUPPORT

If you have a problem that cannot be solved by using this manual, we encourage you to visit us online or contact our Consumer Services Department with any problems and/or suggestions that you might have. A support representative will be happy to assist you.

Before requesting support, please be ready to provide or include the information below:

- The name of your product or model number. (The model number is typically located on the back or bottom of your product.)

- The actual problem you are experiencing.
- The actions you took right before the problem occurred.

FCC Notice:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
