# DESERT FALCON

*All around you are long stretches of sand, ancient pyramids baking in the hot, dead air, and constant danger.*

*The legends that brought you here are 30 centuries old. The tales tell of thieves who plundered the Pharaoh's tomb, loading bags of gold, silver, and precious gems onto their camels, then making off into the desert. But in the night, horrible desert beasts pursued the robbers, and the priceless treasure was scattered and lost. Not even a camel was ever seen again.*

*Now you search for the lost treasure, daring the beaks and claws of the desert guardians. As you scan the endless sand for the glitter of jewels, your eye catches sight of gliding shadows. Something's coming!*

*You could turn back now and be safe. Or you could go on, and dare to steal the Pharaoh's jewels.*

## Game Play

The Pharaoh's lost treasures—enormous gems, big silver eggs, and gleaming ingots—are scattered among the ancient pyramids and obelisks. Fly towards the treasures, then hover or hop over them to pick them up and earn points. Use your joystick handle to maneuver. (Follow the chart above.)

The treasures are guarded by swarms of flying and crawling beasts. Burrowing Uwes crawl out of the sand to charge at you, and Vultures, Warrior Phleas, Scarabs, Flying Fish, and Phantom Gliders attack from the air. All these enemies will destroy you if they hit you.

Protect yourself by firing arrows. A direct hit destroys the enemy and gains you points. You can also maneuver around enemies or dodge behind pyramids and obelisks to shield yourself. At higher levels, watch out for flame-throwing Fire Pots and dart-shooting Mini-Sphinxes.

You begin the game with five lives. Each time you're hit or you crash into a building you lose a life, but you will recover as long as you have lives left.

The end of each desert trek brings you to the Howling Sphinx. You must shoot this Sphinx directly between the eyes in order to get past it, all the while dodging the fireballs it spits at you.

## Super Powers

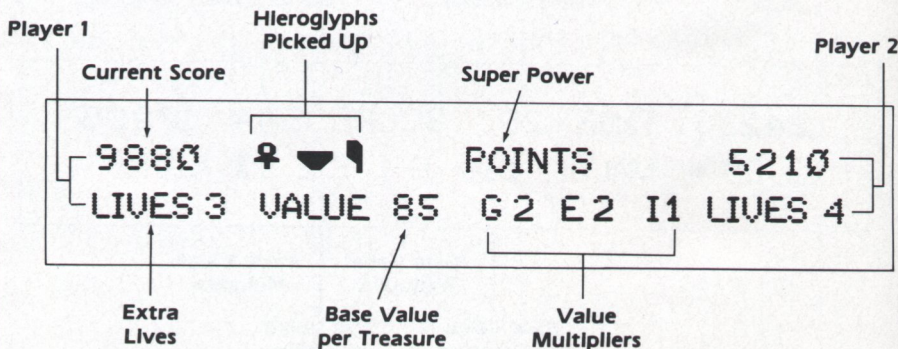

Hop over any three hieroglyphs scattered in the sand to gain super powers. Super powers give you great advantages, such as letting you destroy all enemies on screen at once or paralyze the Howling Sphinx.

Check the Gaming Box at the bottom of the screen to find out which power you've gained and whether it requires pressing the fire button twice quickly ("Double-Press"). Some powers will be used up when you double-press the fire

button; other powers last for several seconds. (Pressing **[Space Bar]** or **[Option]** once is the same as double-pressing the fire button.) A new power is awarded when you pick up three more hieroglyphs, whether or not the previous power was used.

There are many super powers for you to discover (some of them are described on the next page). But beware: in the higher levels of play you can earn super problems, such as Shackles, as well as super powers.

# Scoring

## Shooting Desert Beasts

Each enemy you destroy earns you points. Destroying a flying enemy increases the base value of treasures.

Desert Beasts	Points Scored	Points Added to Base Value of Treasures
Mini-Sphinx	1000	0
Warrior Phlea	500	5
Scarab	300	3
Flying Fish	200	2
Vulture	200	2
Burrowing Uwe	150	0
Phantom Glider	100	1

## Destroying the Howling Sphinx

First Sphinx ..... 5,000 points  
Each additional Sphinx ..... previous Sphinx score plus 1,000 points

## Stealing Treasures

During regular game play, each treasure you pick up earns you the base value. It also increases that treasure's value multiplier by 1 up to a maximum multiplier of 9. If you shoot a treasure, its multiplier returns to 1. In the bonus round, each treasure is worth the base value times its value multiplier.

## Bonus Lives

You earn a bonus life at every 10,000 points scored. You can have a maximum of six extra lives at any one time.

## Bonus Round

Destroying the Howling Sphinx gains you entrance to the bonus round. Here your goal is to pick up as many treasures as you can in the time allowed.

During the bonus round, your time allowed is counted down in seconds in the Gaming Box. The bonus score is tallied next to the time. When the round ends, the bonus score is added to your current score and the last hieroglyphs or super power you gained reappear.

You are not attacked in the bonus round, and colliding with buildings will not cost you a life; only time is lost.

## Strategy

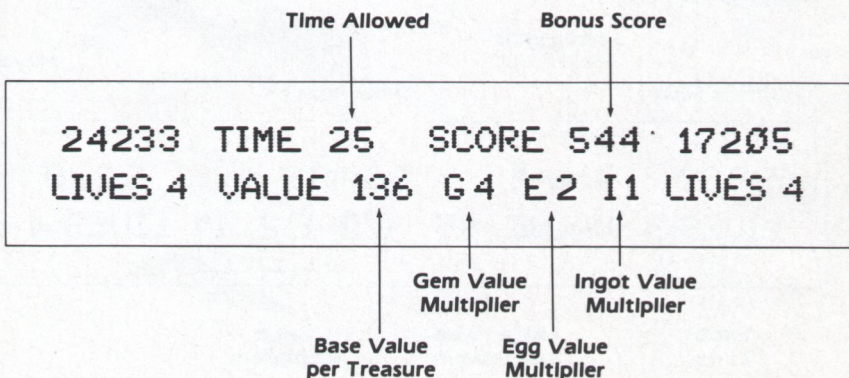

Duck behind pyramids and obelisks to save yourself and lure enemies into crashing.

Gauge the altitude of flying beasts by watching their shadows.

Figure out what combination of hieroglyphs awards you which super power. For instance, the combination "Bird, Cane, Bowl" gives you Warp while the combination "Cane, Bird, Bowl" (the same hieroglyphs in a different order) gives you Air Bomb. Pick up a particular combination when its power will do you the most good.

In the bonus round, go for the treasures that have the highest value multiplier.
